1. Sub: Entry of the bids during e-Auction process

Due to certain technical restrictions in the e-Auction portal, decimal points cannot be entered in the box for placement of the bids. To resolve the restrictions, Re 1.00 will be denoted as 100 paise and the bids have to be placed by the bidder in the same unit i.e. in paise . Hence Rs. 0.05 or 5 Paise can be placed as “5” in the bidding box during auction.

As per RFP clause 8.6 the minimum incremental value is Rs. 0.05 or 5 Paise, which which will be denoted by “5” units in the box.

During e auction, if any bidder puts a value of 105 units it will mean a bid of 1.05 (One Rupee Five paisa).

The following table denotes the different values that can be entered by the bidders during auction in the box and its actual value in Rupees.

Quoted Price in the each round by the Bidders	Actual Price (Rs.) denoted by the quoted price
105	1.05
110	1.10
